6 Requester's name and address (optional)

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on the "Name" line to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Social security number: _ _ _ – _ _ – _ _ _ _

Employer identification number: 4 8 – 0 8 7 4 4 0 1

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 3.

Sign Here — Signature of U.S. person ▶ Date ▶ 12/16/13

General instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at www.irs.gov/w9. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

First Google Placement Campaign Page

Hello,
Per your request I have reviewed your website in detail and there are many improvements that should be done on the site appears on the first page of Google

The SEO (Search Engine Optimization) has almost no keywords to match the latest requirements from Google Analytics. My suggestion would be is to clean up your pages, and we will load all the necessary key words to match your website. The best way to handle this is to copy the site and launch the site and keywords onto it's own server so that we are able to create you thousands of web crawlers so Google picks up the site. We provide the server at no cost to you and we also absorb the hosting fees so you would save on what ever you are spending presently. The Google program is $89.00 for four key word phrases, $169.00 for eight key word phrases per month and we guarantee you first page exposure on Google in 30 days. Then monthly we keep positioning your site so you stay on the first pages of the engines ahead of your competition.

We handle over 192,000 sites in 14 countries and we pride ourselves in having a 100% retention rate from our clients once we get them to the first page of the engines.

There may be a need for us to also lay the website out more Google friendly and there is no charge for that either. Google changes their rules daily and we always have to tweak the site to abide to Google requirements.

In addition any normal changes that you would want done to the site in the normal course of business we would modify for you at no charge. We have a full staff of designers to handle any design or text changes that you may need.

Please feel free to reach out to me at 1-800-764-5360 and I would be more than happy to go over the campaign with you.

If you would like me to reach out to you at a specific time just fax back to 973-255-4808 and let me know the time you would like to go over it and I will make the arrangements for the presentation for you.

Sincerely,
Michael

29.4.1 FORCE_ALERT Message (Function Code 0x0409)

Command Type = 0x04	Command Type = 0x02	Function Code = 0x0B0F
Direction = Device to Host	Confirmation Code	FORCE_ALERT

The FORCE_ALERT command generates an alert on command, as it does so. This can be useful for testing Host error handling and also in preparation for a Coredump. When the device did not issue a Fatal alert message.

The FORCE_ALERT command can be used to generate a 'false alert' that will flush the APM caches, and also save important working data that would otherwise be lost during the Coredump process (that is, device RESET) when using OSM_ENCAPS control.

The command takes a single 16 bit parameter, which specifies the Alert Type generated by the device. When preparing for a Coredump, it is recommended to use Alert Type 0x0064 which generates a single 'I (Alert Types are described in the Section 29.4 'Alert Diagnostic Indication Format' on page 528.)

Parameter 1 (RFO Word 4) Alert Type to be generated

RFC Wo d	Description
4	Bits 15:0 Alert Type to be Generated Ale Type 0x0064 as Alert; a reason needed for Coredump

29.5 Diagnostic Output Paths

Diagnostic messages and responses can be transferred between the MSP Device and the Host using the PCI bus interface or the RMII Ethernet interface (using Over Ethernet or OSM_ENCAPS).

Open diagnostics have the ability to be redirected to a different output. Redirection can reduce the load for a Host to recognize, store and capture debug information when needed. With redirection, the diagnostics can be received by Ethernet flow rules were used the debug information can be successively routed to a dedicated sniffer.

- Path 1: **REDIRECT OVER OSM_ENCAPS** or **REDIRECT OVER IP/UDP**
- Path 2: PCI/IF

29.5.1 Sequence for Configuring Unified Diagnostics Commands Example

- SET_TDM_PARAMS – Device Level Configurations Host
- SET_ETH_HOST_DEVICE – MSP Device Source MAC Address.
- IP_SERVICE_CFG – required before SET_IP_HOST command
- IP_ADDRESS – MSP Device Source IP Address
- ARP_SERVICE_CONFIG – option for Host
- NIF_SELECT – NIF of Ethernet Interface to which Open Diags will be redirected.
- REDIRECT OVER OSM_ENCAPS or REDIRECT OVER IP-UDP
- SUPVSR_CREATE_CHANNEL

After the SUPVSR_CREATE_CHANNEL command is the 'Enable diag' commands can be issued before or after enabling Voice (VOPENA) on a specific channel. If traces are required from the beginning of a voice call, the 'Enable diag' command must be sent before enabling voice on a specific channel.

Creating accounts

You can create an account in one of two ways both of which are described here

Using the menu

To create an account using the menu select Accounts->Add new account

Using the Accounts view

To create an account this way, the accounts view click on the Accounts icon in the view selector and then right click on the Asset tree icon in the right hand view and select New account from the popup menu. The Asset tree holds all of your accounts that are an asset. Assets and all the other account types are discussed in more detail later in this manual

Tip

Now that Ekhylibrary uses the context menus a lot throughout the whole application. If you find yourself stuck trying to figure out how to do something, try a right-click over what you would expect to see in the menu

Subject RE: Activities for Week 4

To Tamechurchoffice@comcast.net" <fameschurchoffice@comcast.net>

We are proposing June 15-16 (Father's Day weekend), but have not run that date past Pastor or Katrina, which we hope to do this week.
Is there anything on the calendr for that weekend?

We will have to cancel other regularly schedule activities to use the entire facility on that Friday and Saturday similar to the Music and Arts workshop in July. This gives us time to set up the logistics, secure speakers and promote within the congregation and to the community and other local churches.

Also is there anything on the calendar for Saturday March 24th? The Trustees will like to do our spring clean-up that weekend.

Thanks,
Tolly

ὕμνος περὶ τῆς ἀναστάσεως

εἰ καί με κεκύκλωκεν παντοθεν θάνατος
καὶ οὐ δύναμαι κρυβῆναι ἀπὸ τοῦ τάφου,
ὅμως μενῶ πιστὸς ἕως τέλους
τῷ ὄντι τῷ κυρίῳ μου καὶ φίλῳ μου

ἕως ἔχομεν πνοην, τοῦ κυρίου ἐσμέν
ἐσμεν δὲ αὐτοῦ καὶ ἐν τῷ θανατῳ ἡμῶν
ἡ ζωῃ ἡμῶν ἐστιν ἐν τῷ κυρίῳ μονον
ἐάν τε ζῶντες ἐάν τε νεκροὶ ὄντες, ἴδιοι αὐτοῦ ἐσμεν

τὸ ἐν Ἰησοῦ Χριστῷ ἀποθανεῖν δίδωσιν εἰρήνην
τότε γὰρ παύονται οἱ ἐπίγειοι κόποι ἡμῶν
ὅταν γένηται καιρὸς ἐκπνεῦσαι ἡμᾶς
κατὰ κράτος κρατῶμεν τῶν λόγων τοῦ Ἰησοῦ,

Ἐγὼ εἰμι ἡ ζωὴ τῆς ἀναστάσεως
πιστεύετε ἐμοὶ καὶ οὐ μὴ ἀποθάνητε εἰς τὸν αἰῶνα
ζήσονται πάντες οἱ πιστευοντες ἐμοί
δίδωμι αὐτοῖς τὸν αἰῶνα τον μέλλοντα

ὅταν ᾖ παρεστως μοι ὁ λυτρωτής μου,
ἐγὼ θεασομαι αὐτὸ τὸ προσωπον τοῦ θεοῦ
εἶτα ἐκ θανάτου ἐξυπνισθεὶς ἀνασταθήσομαι
δοξαζέσθω δὴ δοξῃ ὁ θεὸς ὁ ζῶν

Motor Trend SUV of the year| Mercedes GL

By Peter Valdes-Dapena @PeterValdes Contrib 5:20 2:57 PM ET

NEW YORK (CNNMoney) -- The Mercedes-Benz GL, a large luxury SUV, was named SUV of the Year by Motor Trend, the magazine announced Monday.

The GL isn't a cheap ride. The entry-level GL350 starts at $63,305, while the top-level GL550 starts at about $68,500. With all the options, the GL550 tested by Motor Trend was priced at an ultra-hefty $106,310.

But, even at these prices, the GL still represents a strong value and a good buy given all that it offers, the magazine said.

Despite the rise in gas prices, SUVs, which have become lighter and more fuel efficient thanks to engineering advancements, remain a very **popular** choice with car shoppers.

To decide on the SUV of the year, the magazine named with every all-crew or fully redesigned SUV model for the 2013 model year. Since these vehicles covered a wide range of types and prices, from small crossovers like the Subaru XV Crosstrek and the Honda CR-V to big vehicles like the GL and the Nissan Pathfinder, the vehicles were not compared directly to one another.

Instead, each vehicle was rated against six standard criteria. Design advancement, engineering excellence, performance of intended function, efficiency, safety and value. The winning vehicle would be the one that performed best against those six criteria, regardless of its price or size.

All the vehicles were put through a series of tests that included test-track maneuvers as well as on-road and off-road driving.

In the end, Motor Trend's judges narrowed the field of 11 eligible models down to just three. Besides the GL, those were the Nissan Pathfinder and the **Ford Escape**.

But the GL ultimately drove off with the award.

Despite its high price, the GL still did well against the judges' "value" criteria because those numbers are right in line with other big luxury SUVs like the Cadillac Escalade and Infiniti QX56, while the GL offers a better experience and better technology.

Even though the QX56 and Escalade weren't entered in the contest -- because they're not new or redesigned -- the judges still had to consider each vehicle in the context of its own market segment, said Motor Trend senior features editor Jonny Lieberman. The winning vehicle had to be something that wasn't just best in this group but best-in-class, he

"The GL is not only the best-in-class, but probably the best this class has ever seen," Lieberman said. "The GL just doesn't fall down anywhere."

The judges liked the GL's broad range of engine choices offering a range of price, fuel economy and performance options.

The GL350, with its V6 diesel engine, impressed the Motor Trend judges with its efficiency as well as its pulling power. The mid-level GL450 and the high-end GL550 come with turbocharged V8 engines.

Among the hi-tech options that impressed the judges was a parking camera that allowed a driver to see, simultaneously, a view out the front or back of the SUV as well as a simulated overhead view showing all around the vehicle at once.

"If you're a mother and you've got three screaming kids with you, that thing's a lifesaver" said Lieberman.

Besides SUV of the Year, Motor Trend also gives an award for Truck of the Year and Car of the Year. These awards were decided in separate competitions and the winners will be announced later this year.

- *PDF files always print correctly* on any printing device.
- PDF files also display *exactly* as created, regardless of fonts, software, and operating systems. Fonts, and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I d like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here s how to do both

To test the send functionality of your fax machine, send a one-page fax to 1 855-330-1239 (a toll-free number in the United States) When it s finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero: this site lets you send faxes for free to anywhere in the United States and Canada Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

women are affected with RA than men. The prevalence of RA increases with age in both sexes and is greatest in patients aged 60–70 years. Twin studies, analysis and genetic researchers suggest a genetic link to RA

The cause of RA remains to be fully elucidated but likely involves both genetic and environmental factors. Inviolent affected with RA, there is chronic pain and inflammation of the synovial tissue lining the joint capsule. The inflammatory process involves stimulation of T lymphocytes and B cells and, ultimately, the formation of autoantibodies by way of plasma cells. One autobodies, such as the rheumatoid factor and anti-citrullinated protein antibodies (ACPAs), may be detected before clinical disease is in place. Rheumatoid factor is generally a polyclonal form of IgM antibody and is present in 60%–80% of patients. Anti-cyclic citrullinated peptide antibodies (anti-CCP) are also found in RA. Inflammation of the synovium results in tissue proliferation, pannus, and bone and cartilage destruction. Inflammation of cartilage and erosion of bone

The progression of the disease is variable for each patient but is usually insidious onset, slow progression of pain, swelling, and joint deformity. Extra-articular manifestations may present as rheumatoid nodules, vasculitis, scleritis, pericarditis, pleuritis, and peripheral neuropathy. Systemic symptoms of rheumatoid arthritis are also present, such as fatigue, malaise, and weight loss.

The systemic nature of RA results in extra-articular disease in an estimated 10% of patients. These patients may experience high rates of mortality, rheumatoid nodules, keratoconjunctivitis sicca, pericarditis, pleural effusions, and pulmonary fibrosis. Those patients without RA. The disease is also associated with higher mortality than in people by 50% an increase in cardiovascular disease, which likely is related to the chronic inflammation caused by RA (Peters-Golden 2010). Heart disease, ischemic heart disease, and stroke because studies assessing this question have had conflicting results (Choksi 2008, Turesson 2002).

Nonbiologic DMARDs

The most recent edition of the American College of Rheumatology (ACR) recommendations includes five nonbiologic disease-modifying antirheumatic drugs (DMARDs), methotrexate, leflunomide, hydroxychloroquine, sulfasalazine, and minocycline (Singh 2012). These "classic" nonbiologic immunosuppressive DMARDs have the capacity to significantly alter the course of RA. Table 1.1 lists common nonbiologic agents used in treating RA.

Agents other than DMARDs that may be used for RA include nonsteroidal anti-inflammatory drugs (NSAIDs) and oral corticosteroids. Although they may be used in the "bridge therapy" until the DMARD provides relief, NSAIDs are not considered disease-modifying agents and should not be used as monotherapy. Corticosteroids are used in RA for anti-inflammatory properties in addition to immunosuppressive effects. Corticosteroids are primarily used in short courses or for long-term use if the initiation of DMARD therapy. Given evidence that oral corticosteroids may have serious and damaging (Dalbeth 2012).

Methotrexate is the preferred nonbiologic DMARD for treatment of RA on clinical trials, methotrexate significantly decreases symptoms of RA and slows joint destruction on radiographs. Most patients may require dose reductions in patients with renal disease, and it must be used with caution in renal dysfunction, with fractures suggesting a 50% dose reduction when the GFR is below 50 mL minute (Aronoff 2007). When oral methotrexate is titrated past the fracture limit of 15 mg bioavailability decreases by about 30%, which may be cause by a saturation effect (Jeannidon 1997). The weekly change of oral methotrexate may be given in two doses 12 hours apart by 12 hours to allow for damage on at higher doses. Some women of childbearing age may be treated with methotrexate in prior than ability and also avoid gastrointestinal toxicity. Methotrexate is often used in combination with biologic DMARDs which are discussed later

Biologic DMARDs

Several classes of biologic DMARDs are now able for the treatment of RA. Biologic agents are target drug above a specific step in the pathogenesis of the inflammatory response associated with RA. Some classic these agents inhibit proinflammatory cytokine tumor necrosis factor (TNF) or interleukin (IL) molecules among other mechanisms. These agents carry specific safety warnings. Table 12 provides a summary of the available biologic DMARDs and their risks.

The ACR criteria have become widely used as clinical tools as a marker for efficacy in the treatment of RA.

구연산(Citric Acid)의 경이로움

1953년 쿠쿠의 HANS KLEES 박사는 구연산이 현재 내 최산 혁혁를 약아 피로현상과 신진대사를 원활하게 해 주며 백혈체파괴 노화를 방지한다는 구연산 크리브스 산이를 이론으로 노벨 생리학상을 받았다

구연산은 체내에 들어온 물질들이 에너지로 변하는 과정에서 최산을 교체작용을 억제하고 탄산기소를 물로 중화시켜 혈액의 pH를 조절하는 역할을 한다. 또한 구연산은 체내에 들어온 칼륨이 체내 물수분을 높게 한다. 그런데 구연산 싸이클이 순조롭게 흘러가지 않으면 콜레스테롤 같소체 의해 혈액 속에 유산이 축적되어 백혈체 노화 림병의 근원인 대개질량 변화을 요를 동한 증세가 나타나게 된다

구연산은 젖은 혀실 설 등에 다복 함유되어 있어 구연산의 보고라 을 수 있다. 구연산은 위액과 마르텐로프은 분비를 촉진시켜 입맛을 당기게 할 뿐 아니라 식욕에 넓은 체균을 살균시켜 설사방지 부작용을 겉떨다. 또한 장내의 칼륨이 혈액에서 장벽을 깨끗이 청소해줌으로 변비을 줄여한다. 구연산 속에는 인디오헌신이란 비밀호소가 있는데 이 모소는 혈관의 수력작용에 관계하여 혈압을 낮춰한다 이 효소의 흡함량이 적을 때 혈압이 높게 나타난다

혈속 를을 다시게 되면 음용성 지방이 축적량이 많아져 간이 부택 오르는 지방간이 된다 구연산은 간장에 백혈은 중성지방이 쌓이는 것을 막고 독소을 분해시켜 간장을 보호한다

성기능 장해의 원을은 스트레스증 피로, 등주 등은 분해 을다 구연산에는 부신백흥호르몬의 흡비을 생성하기 에 스트레스를 해소하고 숙독과 달배를 리면 혈산화탄소을 분해시켜 부부생활의 즐거워진다

구연산은 혈철과 설균작용이 뛰어나므로 나른 피를 밝게 경혁시켜 체질로 혁혈하는 역할을 한다

여부를 종핵숙환은 물질한 관해가 있으므로 알레지에 기려하증에 탁월한 효과가 있다

기피기 생기는 것은 과산회칼륨에 백부분포을 제공하기 때문이다

구연산은 과산화지질을 억혁하고 세포의 산전해사을 촉발하여 만들에 기미의 원인인 멜라닌 색소를 배출시켜 버린다 허리나 어깨가 아픈 것은 근육에 찾산이 고체 쉽게 피폐하지기 때문이다 구연산은 젖산을 분해시켜 근육을 유연해게 될 뿐 아니라 통증을 없애는 부신호르몬을 증가시켜 요통 어깨질환을 완화한

백포의 방압 증칭 유산에 쌓이면 혈액이 산성되었어 쉽게 피로가 온다 구연산백는 유산을 분해시켜 피로를 풀며주며 산성물질 면해를 백혈감리성으로 기선생에 생산을을 억분한다 산소가 풍분해 세포에서 이를의지 못해면 장사를 끊기가 루해하여 장작을이 쳐저 버리는 것처럼 세포의 생활소도 약해진다

트등 성인을은 음식 세포의 생명력이 약해져 생긴다 건해조가 약해지면 간을 해감세포가 약해지면 당노병 혈관 세포가 약해지면 중풍, 심장을 고혈압 등 혈관해 질환 조직세포가 극단적으로 약해졌을 때 날 이때 같이 포든 현생 의행일 출생은 체포의 건강과 등한되어 있다

그러므로 젊었 때의 백탁과 치료속진을 위해서는 신소의 이상상태가 제공 중요해 한다 즉기 중의 산소는 호흡을 통해 혈액에 흡수되어 혈액과 더불어 몸을 편도는 기본 인이면 체포로 들반된다 건강한 생활을 관위하려면 우선보다 생활을 좌우하는 혈액의 질을 우시해야 한다 즉적을 달성할 수 없다 몸은 등해로 산소의 공급을 방해한 다 구연산은 체포 전해서 남은 것을 밖으로 배출하고 새로운 것을 받아들이는 산소 대사을 촉진시키고 체액의 생투압을 정상하며 유지시키며 산과 알칼리의 균형을 이루어 일체능력이 항상된 막강질산성 혈액을 갖게 한다

혈류가 흘고 깨끗한 혈액으로 혈액알리성 혈질을 유지하여 체포의 제생능력을 촉진하는 구연산의 섭취는 건강식의 에 필수적한 것이다. 따라서 비알칼리성 혈액은 질들을 많이 포함한 혈액으로 혈류가 좋은 깨끗한 혈액으로 함께 폐을 을 갖게 하여 산성(산목화)혈액은 같습이 부족한 혈액이며 혈류가 나쁘고 피한 혈액으로 성인을 발열률이 높은 밥(로) 건강력질을 갖게 됩다

이와 같이 구연산은 왜이 아니고 식품이면서 언제에 다음과 같은 도움을 준다

◇ 구연산을 섭취하면 크레브스싸이클의 촉발을질적 되어 신진대사가 활발하여졌과 동시에 인체 에포틴을 촉진 선속히 복통해고 혈액을 맑게 꺼여 순환을 도와 2시간 내에 피로현 기색이 사라지게 한다

◇ 구연산은 음식물의 완전 등수를 도우며 자연치유력에 도한 최대한 도움을 준다

◇ 구연산은 위장을 닦기게 할 뿐 아니라 식욕이 없은 선글을 살균시켜 소화불량 위장염을 올해주며 장내의 발등이 음을해지고 장력을 깨끗이 청소해줌으로 변비을 없애준다

◇ 구연산 싸이 클다모형신이라는 원한으로는 구연산의 수축작용에 전계하여 호흡을 도운 닉혁주는데 여기적이다

◇ 당노병을 일할한과 그 반다 역증을 하는 호소 간에 혈액소가 깨끗 생기는데 구연산은 피내 서포 내의 혈액을 산성해시키고 근육을 굳게 하는 독극물인 젖산(유산)과 조성도도산(혈액산)을 해워 일체면역서 당노병을 복전시킨다

◇ 구연산은 간장에 해로운 중성지방이 할이는 것을 막고 즉소을 분해시켜 간장을 보호해며 간 기능의 부담을 줄해준다 또한 지방간이나 고혈해스트롤해서 해방로도록 해 준다

◇ 구연산을 스트레스를 해소하고 활독과 달배로 원한 혈산분단소를 분해시켜 부부생을이 를기원진다

◇ 구연산은 장흥과 설균작용이 뛰어나므로 나른 피를 밝게 경화시켜 혁혁로 바꿀하는 역할을 한다

◇ 구연산은 백부의 혈액순환 일점한 관계가 있으므로 알려지며 기타작용에 막월한 효과가 있다

◇ 구연산은 혈액을정의 교신혁지질을 억제하고 체포의 신진대사을 일발하게 한들어 기부의 원인인 혈라닌 색소를 배출시켜 버린다

Vielen Dank für den Kauf Ihres neuen Intel® Solid-State-Laufwerks! Intel empfiehlt, dieses Festkörperlaufwerk von einem Fachmann installieren zu lassen. Falls Sie sich entscheiden, das Solid-State-Laufwerk selbst zu installieren, lesen Sie bitte die vom Hersteller Ihres Desktop-PC oder Laptop-PC zur Verfügung gestellte Benutzerdokumentation sowie die Informationen auf der beiliegenden CD. Um die Migration des Betriebssystems, von Softwareanwendungen und Daten von der vorhandenen Festplatte Ihres Desktop-PC auf Ihr neues Intel Solid State-Laufwerk zu vereinfachen, bietet Intel nun die kostenfreie **Intel® Data Migration Software (Intel® Software zur Datenmigration)** an, die unter www.intel.com/go/ssdinstallation heruntergeladen werden kann. Ein Paar SATA-Festplattenkabel für Desktop-Installationen wird ebenfalls mitgeliefert. Die Cloning Software kann zwar auch für Laptop-PC-Installationen benutzt werden, doch ist für Laptop-PC-Installationen zusätzliche Hardware erforderlich, um die Daten von der vorhandenen Festplatte auf das neue Solid-State Laufwerk zu übertragen. Weitere Informationen bezüglich Laptop-Installationen finden Sie unter www.intel.com/go/ssdinstallation.

Gracias por adquirir su nueva unidad de estado sólido Intel®. Intel recomienda que un profesional realice la instalación de esta unidad de estado sólido. Si decide instalar usted mismo la unidad de estado sólido, lea la documentación para el usuario suministrada por el fabricante de su PC de escritorio o de su PC portátil y la información que se encuentra en el CD adjunto. Para simplificar la migración del sistema operativo, de las aplicaciones de software y de los datos de la unidad de disco duro actual de su PC de escritorio a su nueva unidad de estado sólido Intel, Intel ahora proporciona **Intel® Data Migration Software (Software de migración de datos) sin costo**, que se puede descargar en www.intel.com/go/ssdinstallation. Para las instalaciones en PC de escritorio, también se proporcionan un par de cables para disco duro SATA. Aunque el software para clonación se puede utilizar para las instalaciones en PC portátiles, las instalaciones en PC portátiles requieren además hardware adicional para transferir la información de la unidad de disco duro actual a la nueva unidad de estado sólido. Para obtener más información sobre las instalaciones en PC portátiles, visite www.intel.com/go/ssdinstallation.

Availability of Newly Deposited Funds

A 10-business-day hold will be placed on any funds deposited into your account (excluding wire transfers and electronic deposits). You will be authorized to trade with these funds. However the funds cannot be used to purchase non-marginable securities, IPO stocks, or options for 10 business days. No withdrawals of these funds may be made during this 10-business-day hold period. Electronic deposits are subject to a five-business-day hold. During the first 60 days your account is open, electronic deposits may not be withdrawn unless they are wired back to the originating bank account.

Stock Certificate

When sending in securities for deposit, please follow these rules:

- All listed parties must endorse the security on the back usually as their names appear on the face of the certificate. Please make sure the title on the certificate matches the title on your Ameritrade account.
- Include your Account number and Social Security number (or tax identification number) on the front of all stock certificates.
- Appoint Ameritrade, Inc. as your "Attorney to Transfer" the stock. (This means the securities are negotiable only by Ameritrade, Inc. and can be mailed safely.) To do this, insert "Ameritrade, Inc." in the blank space below the words "Attorney to Transfer" on the reverse side of the certificate.

When sending certificates for deposit, some additional paperwork may be required to clear the security for trading. For your protection, Ameritrade will not sell the position until all such paperwork has been processed and the position has been registered in its street name.

You may sell restricted securities pursuant to Rule 144, Rule 144(k) or Rule 145 of the Securities Act of 1933 after required documents have been received and reviewed. In these circumstances, funds from these sales will not be released until the security has been cleared. Please refer to the "Fee Schedule" section on page 16 and look under "Restricted Security Processing Fee."

Here are some instances where additional documentation may be needed:

- The registration on the certificate is different than the title on the account. An example would be when you have a certificate registered in your name and want to deposit it into a joint account.
- The certificate is sent to Ameritrade unsigned.
- The certificate has another party listed as the "Attorney to Transfer."
- The securities are restricted stock, such as been issued under Rules 144 or 145 of the Securities Act of 1933, or are considered legal transfer items.

Transferring an Account

Ameritrade will not charge you to transfer accounts held at other financial institutions to one or more of your Ameritrade accounts. Here are some guidelines that will help account transfers to be processed efficiently:

- The account being transferred must be of the same type and have the same account title as the Ameritrade account you are opening (Individual accounts into individual accounts, Trusts into Trusts, etc.). If the account you are transferring is a margin and/or option account, be sure you have established a margin and/or option account at Ameritrade.†
- Complete the Account transfer form in its entirety.
- Send signed, original paperwork and attach a copy of a recent statement.
- The firm from which you are transferring usually will charge you a transfer-out fee or a termination-of-account fee.
- Account transfers normally take three to six weeks. All security transactions must be settled before the transfer can occur. Some firms do not allow trading during the transfer process.
- If you are making a direct rollover from your employer's qualified plan, please contact your plan administrator to obtain any applicable rollover paperwork that may be required. Please allow approximately 30 days for the completion of your direct rollover.

†Margin trading increases risk of loss and includes the possibility of a margin call if account equity drops below required levels. Margin is not available in all account types. Carefully review the Margin Handbook and Margin Disclosure Document for more details.

Fund Withdrawal Requests

For same-day processing, checks should be requested by 2 p.m. ET. Wire transfers should be requested by 1 p.m. ET. The maximum you can withdraw electronically using ACH is $100,000 over seven days.

- Treasurer acceptance and timely processing of outgoing wires are checks, please make sure fund transfers are between identically titled accounts.
- An IRA Distribution Request Form should be filled out and signed to have a distribution processed from an IRA.

You can also request a funds withdrawal on the Web site. Simply log on and go to "Deposits & Withdrawals" on the Account drop-down menu.

Updating Your Account Profile

Changing Your Personal Information

To update your address, phone numbers or e-mail address, log on and go to "Profiles & Preferences" on the Account drop-down menu. Then scroll down to the *Personal Information* section and click the Edit icon in the section's upper-right-hand corner. Or contact an Ameritrade Client Services representative. If you need to change your name due to marriage or other reasons, please complete the Name Change Authorization Form available on our Web site (click Forms in the Account drop-down menu). Then select "All Forms" to find the form.

Adding or Removing an Account Co-Owner

To add a co-owner to your account or to remove a current co-owner from your account, please complete, sign and return the Account Modification Form, available on our Web site.

NOTE: The primary tax reporting owner cannot be removed. A new account must be opened as the new tax reporting owner and an internal transfer done.

Adding Margin or Options Privileges to your Account

To request or upgrade margin or options privileges on your account, please complete, sign and return the Margin/Options Account Upgrade Form. Certain accounts may apply for margin privileges online by clicking "Profiles & Preferences" on the Account drop-down menu. From there, go to the *Preferences* section and click "Enable" or "Disable" on the "Margin trading" line.* To apply for options privileges, click "Change" to the right of "Options Trading."* Then

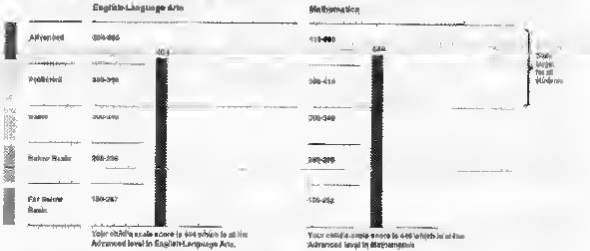
Your child's overall results on the California Standards Tests

Your child's scale scores and performance levels



How should I use these STAR Program results?

These results are one of several tools used to follow your child's educational progress. While the results provide one important measure, they should be viewed with other available information about your child's achievement, such as classroom tests, assignments, and grades.

If your child is not performing at the level you would like, your child's results can help guide a conversation with your child's teacher by helping to focus on specific areas for improvement, and, as a result, ensure the best possible education for your child.

Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP fax machine using the HP Fax Test Service.

Each fax connection is unique, therefore, it may be necessary to try the suggestions in this document more than once.

Test your fax machine

Follow the steps in this section to test your fax machine.

NOTE

Make sure that any phone cords you are using are connected directly to your telephone wall jack. Do not use phone cords that connect to a surge protector, power strip, or VoIP (Voice over Internet Protocol) service. Testing with these types of connections may result in inaccurate test results.

NOTE

Wireless connections may fail to connect to your service provider's fax machine. Wireless connections are typically not reliable enough for fax transmissions. If you are using a wireless connection, try connecting your fax machine directly to the phone line using a phone cord.

1. Send a test page to the HP Fax Test Service by faxing to 1-650-857-1501.
2. After your fax is sent, the HP Fax Test Service will generate a report and fax it back to you within five minutes. If you do not receive your fax, check the fax number you entered and try again.

If you do not receive the fax report after five minutes, try sending the fax again. If you still do not receive the fax report, check the following and try again:

NOTE

The fax test service is available in the United States, Canada, Puerto Rico, and the U.S. Virgin Islands. Customers outside of the United States, Canada, Puerto Rico, and the U.S. Virgin Islands may receive a busy signal, an error message, or no response.

For more information, click Contact HP at the top of the page.

EGFR Mutations QUALITY NOT SUFFICIENT

Method: Target Selector™ by Biocept

The EGFR Mutation assay is a multiplex Real-Time PCR based mutant enrichment assay with selective blocking of EGFR wild-type amplification. The amplification products are purified and subject to sequencing to confirm the presence of the EGFR mutations. The assay analyzes for the following EGFR mutations: del 19, L858R and T790M. The assay has a specificity >99% and sensitivity >96% at a 95% mutant allele frequency.

*This test was developed and its performance characteristics determined by Biocept. It has not been cleared or approved by the US Food & Drug Administration (FDA). This test is used for clinical purposes. The Laboratory is certified by the United States Department of Health and Human Services (HHS) to perform high complexity testing.

Supporting Data

Analyte	Result	Expected Range of Normal Values	Clinical Significance
T790M	Not Detected	NA	NA
L858R	Not Detected	NA	NA
del19	Not Detected	NA	NA

Plasma Volume Used: ml

This Target Selector™ assay analyzes for the presence of Del19 and L858R activating mutations associated with response to targeted EGFR tyrosine kinase inhibitors as well as the T790M point mutation associated with resistance to these therapies.

Thank you

Congratulations! You've just saved yourself inconvenience, discomfort and potential food loss ($$) by choosing to install this emergency power transfer switch. The design of this unit is to transfer the electricity produced from your generator to specific circuits you want powered during a local power outage. This allows you a choice of circuit(s) to use to maximize the use of your generator without impelling its operation. Your EmerGen Switch is designed to be surface mounted on either side of your loadcenter. (An optional flush cover kit accessory is available.)

INSTALLATION INSTRUCTIONS

Suggested tools and materials
Fasteners (rawlog bolts) for mounting EmerGen Switch,
Hammer/screwdriver/wire stripper and:
For 6 circuit model: 9 yellow wire connectors (15-20 AMP).
For 10 circuit model: 9 yellow and 2 red wire (30 AMP) connectors.

1. Locate a suitable area for the EmerGen Switch to be installed approximately 18" from the center of your loadcenter and mark the area. (If mounting flush see instructions for the optional flush cover located inside the Trim Plate packaging.)

2. Turn the main breaker off and remove the loadcenter cover. Remember that the wires on the line side of the main are still hot.

3. Remove a knockout on the bottom or side of the loadcenter.
For 6 circuit model: 3/4" KO
For 10 circuit model: 1" KO

4. Insert all the EmerGen Switch wires through the knockout and tighten the connector securely. Secure the EmerGen Switch to the wall with appropriate fasteners. Do not over manipulate the flexible conduit.

5. After determining which circuit will be "A", turn the corresponding breaker off. Loosen the screw securing the wire and remove the wire.

a. Locate both the black and red of the EmerGen Switch's wires marked "A". Feed these wires along side the loadcenter to the selected breaker.

b. Cut the red "A" wire to an appropriate length, strip 5/8" and install into breaker retightening the screw.

c. Cut the black wire "A" to match the length of the wire taken from the breaker. Strip 5/8" and insert both wires into a wire connector. Twist tightly and push wires back to the side of the loadcenter.

6. After determining which circuit will be "B" turn the corresponding breaker off. Loosen the screw securing the wire and remove the wire.

a. Locate both the black and red of the EmerGen Switch's wires marked "B". Feed these wires along side the loadcenter to the selected breaker.

b. Cut the red "B" wire to an appropriate length, strip 5/8" and install into breaker retightening the screw.

c. Cut the black wire "B" to match the length of the wire taken from the breaker. Strip 5/8" and insert both wires into a wire connector. Twist tightly and push wires back to the side of the loadcenter.

7. Repeat steps above for remaining circuits. Remember that the red wires attach to the circuit breakers and the black wires attach to the load circuits. When completed install the remaining white "neutral" wire into the loadcenter. Tighten it securely into an unused hole in the neutral bar.
Note: For 10-Circuit Unit select which circuit will be your 240 Volt Pole: 30 Amp(max.) circuit. Install the "L" wire under one leg of the breaker and the "J" wire under the other leg of the breaker. Another 2 pole, 20 Amp(max.) circuit install the "D" wire under one leg of the breaker and the "S" wire under the other leg of the breaker.
For 2 pole circuit, breaker is four (end used) is front of neutral bar.

8. Replace the loadcenter cover. All circuit breakers can now be turned on. Switch on the EmerGen Switch marked "A" in the LINE position. GEN position is used when your generator is in operation.

OPTIONAL ITEMS

Power Inlet Boxes. This allows you to plug your generator in from outdoors and plug your EmerGen Switch in from indoors. This eliminates the need to open a window or door to bring the cord from the generator.
Model #RI 20 for 5000 Watt generators
Model #RT-30 for 7500 Watt generators
Model #RT-60 for 12000 Watt generators.

Power Cords. Available in 20' or 40' lengths:
12-4 SO cord for 5000 Watt generators
10-4 SO cord for 7500 Watt AND 12000 Watt generators

Trim Plate. This accessory allows a finish mounting installation for your EmerGen Switch.

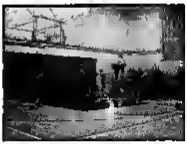
PARKS & RECREATION DEPARTMENT

Youth Basketball Program

2011-2012 Season



October 10 2011

The City of Anderson s Parks & Recreation Department is seeking sponsor ships for it's Youth Basketball Program This is our 11th year offering an instructional basketball league for the youth in Anderson and the sur rounding south county communities. The program continues to grow each year

Along with registration fees your sponsorship will help cover the cost of t-shirts, equipment, referees and scholarships for youth The referees are also area youth with the majority being from local high schools. For many this is their first job an opportunity for work experience and just like the players..a chance to learn

A $150 00 sponsorship fee will not only help keep this program affordable to the youth, but shows the community that your business/organization supports the youth Your business/organization's name will be placed on the back of a team t-shirt. Please let us know by December 2nd or sooner, in order to have t-shirts ready for league games beginning in January

We have included photos of some of the other activities the scholarship funds cover..Your generous donation helps youth in the south county year round

Thank you for your consideration

Sincerely
Pam Lewis

What's Happening Around East New York

Winter 2017

YOU SHOULD KNOW ..

Neighborhood 360

The Local Development Corporation of East New York (LDCENY) was awarded a grant from NYC Department of Small Business Services for *Neighborhood 360*. This new program was designed based on the responses from residents and businesses within the four major commercial corridors in the rezoned area of East New York: Fulton Street, Atlantic Avenue, Liberty Avenue and Pitkin Avenue between Georgia and Elderts Lane.

New Garbage Bins

Through the Neighborhood 360 Program, the LDCENY was able to secure 70 new garbage cans to be placed along Fulton Street and Liberty Avenue. The new cans were added to replace the old wire mesh cans currently on Fulton and Liberty. Replacing the wire mesh can mean less garbage overflowing into the street and on the sidewalks.

We want to hear your thoughts about the new cans. Email Jason Jeter at jasonj@ldceny.org

The new cans are being added to help meet local sanitation needs. 70 cans will be placed along Fulton Street and some on Liberty Avenue.

Atlantic Avenue Construction

The Department of Transportation (DOT) will begin its long-awaited construction along the Atlantic Avenue median later this month. Plans for the construction include raising the current median to prevent drivers from crossing over the median, as well as adding trees and small plants to the median to beautify it.

Construction along the median will take place in two phases: **phase one** will take place along Atlantic between Georgia Avenue and Logan Street. **Phase two** will be from the Conduit to Rockaway Boulevard. Other improvements are planned for the construction including sidewalk rehabilitation, tree replanting, and new trash bins. We will keep you updated as more details about new features being brought to Atlantic Avenue are made available.

If your business is having any issues and/or concerns with landlords or the City, please call us at (718) 385-6700 x18.

What does this mean for my business?
As the new street improvements begin, business owners along Atlantic Avenue should expect lane closures which can affect deliveries. Sidewalk reconstruction will also be taking place at the same time as the median construction.

Department of Transportation will be notifying businesses affected by the construction of the start dates for the project. We will also be providing updates as to the progress of the construction as we receive them.

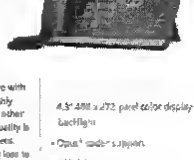
SIP-T46S

$55 - 330-1239

A Revolutionary SIP Phone for Enhancing Productivity

The SIP-T46S IP phone is the ultimate communications tool for busy executives and professionals. In addition to offering better overall performance than the T46G, this device has a faster interface with a rich, high-resolution TFT color display. Built with Yealink Optima HD technology and wideband codec of Opus, this device enables crystal clear communications. The SIP-T46S is also built with Gigabit Ethernet technology for rapid call handling and use with accessories like a Bluetooth USB Dongle and a Wi Fi USB Dongle. The new T4S series offers the same elegant appearance of the T4 line, but with improvements for greater interoperability and collaboration.



Key Features and Benefits

HD Audio

Yealink Optima HD Voice technology combines cutting-edge hardware and software with wideband technology for maximum acoustic performance. Being a new, highly versatile audio codec, Opus, is designed to perform a higher HD audio quality than other wideband codecs in a high network bandwidth. However, if your current network quality is poor, Opus can provide you with a better audio quality than other narrowband codecs. And its hearing aid compatible (HAC) handset helps the person who is with hearing loss to hear the voice more clearly.

Easy Customization and High Expandability

The SIP-T46G comes with two Gigabit Ethernet ports, one of which is suitable for Power over Ethernet (PoE). A built-in USB 2.0 port can also be used for Bluetooth, Wi-Fi and USB recording. The SIP-T46S supports up to six expansion models, for up to 240 additional buttons with a screen-based LCD display and LED system. Plus, it has three pages of buttons which can be programmed with up to 27 paperless DSS keys.

Efficient Installation and Provisioning

The Yealink T4S series supports efficient provisioning and effortless mass deployment with Yealink's Redirection and Provisioning Service (RPS) and boot mechanism to help you realize the Zero Touch Provisioning without any complex manual settings, which makes the T4S series simple to deploy, easy to maintain and upgrade. Furthermore, a unified firmware and auto-p template that applies to all T4S phone models (T41S, T42S, T46S and T48S), saves even more time and costs for businesses, as well as simplifies the management and maintenance.

Secure Transport and Interoperability

- USB 2.0
- T4S Auto-P template unified
- T4 firmware unified

We recommend that you place the drum unit on a clean, flat surface with a piece of disposable paper underneath it in case you accidentally spill or scatter toner. Handle the drum unit carefully. If toner matters on your hands or clothes, immediately wipe or wash it off with cold water.

Es wird empfohlen, die Trommel für den Fall, dass Toner verschüttet wird, auf Papier zu legen. Gehen Sie vorsichtig mit der Trommeleinheit um. Wenn Tonerpartikel auf Ihre Hände oder Kleidung gelangen, wischen oder waschen Sie diese sofort mit kaltem Wasser ab.

Nous vous conseillons de placer l'ensemble tambour sur une surface propre et plate recouverte d'un morceau de papier jetable au cas où vous renverseriez de toner par mégarde. Manipulez l'ensemble tambour avec précautions. Si vous renversez du toner sur vos mains, essuyez-le ou lavez-les immédiatement à l'eau froide.

We raden u aan om de drum op een schoon, plat oppervlak te plaatsen en er een vel papier onder te leggen voor het geval dat er toner wordt gemorst. Ga voorzichtig met de drumkit om. Knakt u toner op uw handen of uw kleren, veeg deze dan onmiddellijk af of was ze onmiddellijk in koud water.

Posizionare il gruppo tamburo su una superficie piana e pulita e su un foglio di carta per evitare inutili sprechi in caso fuoriuscite di toner. Maneggiare con cura il gruppo tamburo. Se si versa del toner sulle mani, pulire via immediatamente con acqua fredda.

1. Turn off the machine's power switch. Press the front cover release button and then open the front cover.
   Schalten Sie den Gerät aus Drücken Sie die Entriegelungstaste der vordere Abdeckung und öffnen Sie sie vorn.
   Éteignez l'appareil à l'aide de l'interrupteur. Appuyez sur le bouton de déblocage de capot avant, puis l'ouvrir.
   Zet de machine uit. Druk op de knop waarmee de voorkleep wordt ontgrendeld en maak vervolgens deze open.
   Spegnere la macchina. Premere il pulsante di rilascio e aprire il coperchio anteriore.

2. Hold the green handle of the drum unit. Lift the drum unit up and then pull it out until it stops.
   Fassen Sie den grünen Griff der Trommeleinheit, heben Sie es an und ziehen Sie sie bis zum Anschlag heraus.
   Saisissez la poignée verte du module. Soulevez puis retirez-le jusqu'à ce qu'il se bloque.
   Houd de groene handvat van de drum vast. Til de drumeenheid en trek hem zo ver mogelijk uit de machine.
   Afferrare la maniglia verde del gruppo tamburo. Sollevare e tirare verso l'esterno finché non si arresta.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- *Anyone* ***anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created regardless of fonts, software, and operating systems. Fonts and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Our Ref. 350/PJC/EAC 18th January, 1972.

Dr. P.N. Cundall,
Mining Surveys Ltd.,
Holroyd Road,
Reading,
Berks.

Dear Pete,

Permit me to introduce you to the facility of facsimile transmission.

In facsimile a photocell is caused to perform a raster scan over the subject copy. The variations of print density on the document cause the photocell to generate an analogous electrical video signal. This signal is used to modulate a carrier, which is transmitted to a remote destination over a radio or cable communications link.

At the remote terminal, demodulation reconstructs the video signal, which is used to modulate the density of print produced by a printing device. This device is scanning in a raster scan synchronised with that at the transmitting terminal. As a result, a facsimile copy of the subject document is produced.

Probably you have uses for this facility in your organisation.

Yours sincerely,

Phil.

Ferrite

For more information on connecting the printer with other telecommunication equipment, see the *User's Guide* included on the *Drivers and Utilities* CD or the printed *Owner's Manual* that came with the printer.

IMPORTANT SAFETY INFORMATION

CAUTION: Do not use the fax feature during a lightning storm. Do not set up this product or make any electrical or cabling connections, such as the fax feature, power cord, or telephone, during a lightning storm.

Use only the telecommunications (RJ-11) cord provided with this product or a 26 AWG or larger replacement when connecting this product to the public switched telephone network.

Finally agreeing on a price at an Acura DC dealer is exciting. After completing hours of research and test driving a range of models, it can feel good to finish making a difficult decision. However, once you finish agreeing on a vehicle price and monthly payment with your Maryland Acura salesperson, you must meet with the finance manager to complete the paperwork necessary for your DC car dealership transaction. One of the products offered by the finance manager is guaranteed asset protection insurance, also known as GAP insurance. GAP is a good choice for consumers who finance their purchases because:

1) It covers the difference between the payoff amount on your loan and the actual cash value of the vehicle in the unfortunate event your Maryland Acura is totaled. This is important because most cars depreciate quickly after the initial purchase, making them worth less than the payoff amount in most cases. Without a GAP policy, you would remain personally responsible for the difference between the payoff and cash value, as determined by your insurance company.

2) GAP keeps an unfortunate car accident from hurting your credit. GAP insurance limits your exposure to the deductible on your insurance policy. Other than the deductible, the GAP insurance policy covers any negative equity that remains on your Acura in DC.

MTA Reduced-Fare MetroCard

Conditions of Use and Other Important Information

for a Metropolitan Transportation Authority Reduced-Fare MetroCard (RFM) issued to people 65 years of age and older and people with disabilities. This program is managed by MTA New York City Transit.

Valid Use: RFM can be used to pay fares on all MTA New York City Transit subways, NYC Transit local buses, express buses only during non-rush hours, MTA Staten Island Railway, Nassau Inter-County Express Bus (NICE) MTA Bus, Roosevelt Island Tram, Westchester Bee-Line local buses and express Bee-Line SM4C buses only during non-rush hours.

The RFM is valid identification for eligibility in the reduced-fare programs of the MTA Long Island Rail Road and MTA Metro-North Railroad anytime except weekday rush hours to New York City terminals. To receive the reduced fare, show the RFM to train personnel or station agents when purchasing your ticket.

Expiration Dates: Reduced-Fare MetroCards expire on the date printed on the back of the card. As long as you actively use your card, NYC Transit automatically sends you a new RFM before the expiration date.

The full value on an expired RFM may be transferred to a new RFM at a subway station booth. Any remaining value that is not transferred to a new RFM within two years after the expiration date on the original RFM will be surrendered by and unavailable to the card holder.

Trouble Using RFMs. An RFM that does not work or is damaged should be returned to MetroCard Customer Claims. Ask a station booth agent or bus operator for a prepaid envelope in which to return your card to us. In the envelope you'll find a form to fill out so you can describe your RFM problem.

If you prefer, you may bring your damaged RFM to the MetroCard Customer Service Center at 3 Stone Street in downtown Manhattan, 8 AM to 5 PM, Monday to Friday.

If you cannot get a prepaid mailer, send the damaged card to our mailing address at:

MetroCard Customer Claims
130 Livingston Street
Brooklyn, New York 11201-9625

Be sure to include your name, address and phone number, your damaged RFM, an explanation of the problem and the address to which the new RFM should be sent.

The holder assumes the risk of loss until the card is received by either MetroCard Customer Claims or the MetroCard Service Center.

Change of Address: Notices and replacement cards will be sent to you at the address you provide. You must inform us promptly, in writing, of any change of address.

Lost or Stolen RFMs. Immediately report a lost or stolen RFM by calling the MetroCard Customer Service Center 718-330-1234, 8 AM to 10 PM, or via our MetroCard® eFIX system at www.mta.info. Any value or unlimited rides on your card will be transferred to your replacement RFM after the old RFM has been frozen and any balances verified.

Restrictions. An RFM may be used only by the person to whom it has been validly issued. Use of the RFM by any other person may result in forfeiture of the card and its remaining balances, plus civil and/or criminal penalties.

You must present your Reduced-Fare MetroCard to a police officer or transit personnel upon request.

There are no refunds of money remaining on RFMs. Money remaining on an expired card may only be transferred to a new card within two years of the expiration date. Money from a full fare MetroCard cannot be transferred to a temporary or permanent RFM. No redemptions or exchanges will be given for an RFM that has been altered or tampered with or whose value cannot be verified.

The City of New York, the State of New York, the County of Westchester and the Metropolitan Transportation Authority and its subsidiaries and affiliates, including New York City Transit, are not liable for any special or consequential damages associated with or resulting from the failure, malfunction, or disabling of the RFM or the MetroCard system.

The MTA Reduced-Fare MetroCard and its use are subject to all tariff provisions, rules and regulations of the New York City Transit Authority and its affiliates, and Westchester County Bee-Line System.

For more information, call 718-330-1234, 8 AM to 10 PM. If you are deaf or hard of hearing, use the free 711 relay or your preferred relay service provider to contact us. Have the card at hand so you can read the serial number and expiration date to the customer service agent who assists you.

His first career start, a [illegible] victory over Connecticut.

Against the Irish, he accounted for 502 of Michigan's 535 yards and set a quarterback rushing record, gaining 258 yards.

Not bad considering in the opener Robinson rushed for 197 yards — then a Michigan quarterback record — and accounted for 383 yards of total offense.

Those performances have twice earned Robinson, a sophomore, the Walter Camp Football Foundation National Offensive Player of the Week and Big Ten Offensive Player of the Week honors.

They've also made him one of the early favorites to win this year's Heisman Trophy, especially since he's the nation's leading rusher averaging 227.5 yards per game.

For his part Robinson is doing his best to try and downplay the attention.

"I don't pay attention to any of that," he said during Michigan's weekly press conference on Monday. [illegible]

[illegible]

Former Deerfield Beach QB Denard Robinson has always been able to find room to run when flushed out of the pocket, including his more than 500 all-purpose yards last week.

Denard Robinson has loved football from an early age.

The **highlighted choices** are the ones we'd consider most important—so if you feel negative toward supplementation, at least choose these in your multi and supplements.

Vitamins	Optimum
A	More than 1,250 IU twice a day is too much (unless you have an eye condition called wet macular degeneration)
B6	2 mg twice a day
B12	400 mcg twice a day (25 mcg)
C	400 mg twice a day (remember it's water-soluble, so you need several doses over the day); or 50 mg twice a day if you're taking a statin drug (for example, Zocor, Lipitor, Pravachol, or Crestor)
D3	Make sure you get the D3 - 500 IU twice a day
E	200 IU twice a day (400 IU of mixed tocopherols is the form of vitamin E I favor.) Reduce dose to 50 IU twice a day from supplements if you're taking a statin drug
F (folate)	200 mcg twice a day (folic acid or folate, or folinic, which is sometimes listed as vitamin B9)
Thiamin	12.5 mg twice a day
Riboflavin	12.5 mg twice a day
Niacin	At least 15 mg twice a day, preferably more (check with your doctor if you're taking a statin drug)
Biotin	150 mcg twice a day
Pantothenic acid	150 mg twice a day
Minerals	
Calcium	400 mg three times a day in divided doses (you cannot absorb more than 600 mg at a time, so need to space out)
Magnesium	200 mg twice a day
Selenium	100 mcg twice a day
Zinc	7.5 mg twice a day
Potassium	Four fruit servings plus a several diet should do it

Additional vitamin-like substances you should get daily (once a day):

Lycopene	Two tablespoons of tomato sauce or tomato juice (400 mcg) should do it
Lutein	A leafy green vegetable a day (400 mcg) should do it.
Quercitin	Hefty portions of onion, garlic, celery, or lemon juice in addition to the should at least once a day should do it.
Omega-3	either 1 gm of distilled fish oil or 1 walnuts, preferable 25 to 30 minutes before lunch and before dinner, or both (we like both) or 400 mg of DHA supplement (from algae) or 2 ounces of fatty fish a day
Cinnamon	1 half teaspoon a day
Red Pepper	As much as you want (cause is better for appetite suppression) early in the day
Turmeric	As much or you want but at least ½ teaspoon of strong mustard or a curry dish a day

Choices you might consider (talk to your doctor about these, and all choices):

Coenzyme Q10	200 mg a day if on a statin, or hypertensive or diabetic
Aspirin	162 mg a day (check with your doctor) with 2 glasses of warm water
Coffee & Green Tea	2 or more cups of each

Test Pattern 1.0

This here be some text. We want at least one page of text included in the testing because text is usually what people transmit in a fax – like a contract page with a signature. Don't get me wrong, graphics are fine but text gives us that warm and fuzzy feeling that the testing is rooted in simulating real-world scenarios.

Graphics, on the other hand, allow us to see minute transmission flaws that are easily overlooked in a text message. The brain is a wonderful thing, and can cause us to overlook small missing details. Take, for example, the car company called KIA. Have you ever noticed that the "A" is missing the bar? It looks like a "/\".

There are other examples of how the brain will fill in missing pieces of characters or even whole words. I won't bore you with more details. The point is that text is not the best transmission to prove a fax system is working correctly.

Because the human brain is adept at recognizing patterns, the following pattern pages will easily allow one to detect even a small fax issue.

Dog Day, Every Day!

October 2009
West Chester

Pack News

All of the dogs at **Dog Day, Every Day!** *have made lots of new friends in September. Bandit B. stayed overnight with us for a week which helped him come out of his shell and make new friends. Oliver has a new girlfriend, Rio, that he loves to play with. We've had three new pups (Abby b. Scout and Benjamin) start in Puppy Corner only to find that they just love doggie daycare. Miss Mabelle has a new boyfriend named Barker who she loves to play with too.*

Another hot new couple is Bailey H. and Phoebe T. Also, Mr. Jack took time out of his busy schedule to find a girlfriend, Bella H. Hailey another new girl, has made lots of new friends, including Vinny, Lucy Fo and Penny.

In other exciting news, Blake has finally opened up and started playing with Dexter. Yea!!

Keep Halloween Fun and Safe

No tricks, no treats. Be sure that the Halloween candy is out of reach for your pooch. Chocolate, artificial sweeteners and even the wrappers on these treats can pose danger to your dog.

Keep wires and cords from electric lights and other decorations out of reach of your pets. The danger lies in the possibility of cutting the mouth from shards of glass or plastic, as well as the risk for electrical shocks.

A carved pumpkin certainly is festive, but use extreme caution if you choose to add a candle. Pets can easily knock a lit pumpkin over and cause a fire.

If you do dress up your pet, make sure the costume isn't annoying or unsafe. It should not inhibit the animal's movement or hearing, or take away its ability to bark. Also try on costumes before the big night. If your pet seems distressed, allergic or shows abnormal behavior, consider letting him go without or wearing a festive bandana instead.

On trick or treat night – BE SURE your dog is wearing proper identification. Whether you are including him in trick-or-treat or you are handing out candy – the possibility of getting loose is much greater.

HALLOWEEN PARTY!
TUESDAY OCTOBER 20th
Bring in your dog's costume to join the fun.
We have a costume contest with prizes
and everyone gets a picture taken.
It's lots of fun, so don't miss it!
What are you dressed like also?
I don't get this holiday
I don't understand why I keep getting treats.
I'm HOT!

What Your Workspace Says About You

Have you ever felt like telling off your boss? Most of us have. That's why we can identify with cartoons that make fun of difficult bosses.

But before you cut out one of those cartoons to post by your desk, you may want to give some serious thought to the message you will be communicating to everyone who comes by your workspace.

According to Jo-Ellan Dimitrius, PhD, and Mark Mazzarella, co-authors of *Reading People*, workplace props can offer significant clues to an employee's personality, values and level of commitment to the job.

Although most workers have little control over such matters as furniture style or carpet color, many companies allow employees freedom in how they decorate their workspace.

Items such as calendars, photographs and reading materials can say a lot about you because, with so many choices available, they provide an ideal opportunity for individual statement.

It is only natural to want to personalize your office space to show your individuality, or to make yourself feel more comfortable or at home, however, it's a good idea to be selective about what you display in your workspace.

While you may not label others based on how they decorate their space, your boss, coworkers and clients may be making judgments about you. After all, a Dilbert day planner or poster of Eminem communicates different messages than a motivational calendar featuring slogans about teamwork and perseverance.

Tasteful photos, artwork and accessories are usually acceptable, while displaying that photo of you and your drunken fraternity brothers mooning the camera is generally not. A collection of love songs from your spring break outings, your pet nail clippers and that voodoo doll that looks just like the boss might be interesting conversation pieces, however, these types of "props" in your workspace are unlikely to create confidence in your judgment, discretion and leadership abilities.

Clutter also communicates a message. Says Dimitrius, "A messy, disorganized desk usually points to a messy, disorganized person."

Research conducted at the University of Texas found that not only are workers with messy workspaces less reliable, less efficient and less task-oriented than their clean desk counterparts, but that others also perceive messy workers to be inefficient, disorganized and unimaginative.

So even if you see yourself as a creative genius who thrives in a messy environment, chances are your coworkers and company management don't see your desk the same way.

What is acceptable varies from one workplace to another, so take a look at the messages you are communicating through your workspace. You may just decide the best place for that controversial cartoon or accessory is at home.

Chores

The husband got into his grubbiest clothes on Saturday morning and set about all the chores he'd been putting off for weeks.

He'd cleaned the garage, pruned the hedge, and was halfway through mowing the lawn when a woman pulled up in the driveway and yelled out her window, "Say, what do you get for yard work?"

The fellow thought for a moment, then answered, "The lady who lives here lets me sleep with her."

The Little Black Book

In a small Texas town, the police arrested the local madam and seized her little black book, which listed all her girls.

Each officer on the small police force was assigned a group of names and ordered to check them out.

After a week, the chief held a meeting.

When he called on Detective Summers, Summers replied, "Chief, I'm sorry but I'm gonna have to disqualify myself. One of the ladies I questioned is an eighty-four-year-old so charming that I've fallen in love with her."

"Tarnation, boy!" exclaimed the chief. "I'm surprised at you, Summers. You've been a policeman almost all your life -- and here you go, falling for the oldest trick in the book!"

Testing Your HP Fax Machine with the HP Fax Test Service

Print Share Feedback

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service. Print this document for easy reference by clicking the **Printable version** link in the upper right corner of this page

Test your fax machine

To test the capability of your fax machine follow the directions below

NOTE:Be sure that your phone number is not Caller ID Blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock your caller id (outgoing) feature in most areas. Other phone company services can prevent you from receiving a fax including voice mail, call blocking, or call privacy features

NOTE:Whenever troubleshooting a fax issue it is good practice to set the Automatic Answer option to **Busy Error** before attempting a test fax This way, even if the sent fax fails an error code will be generated that will aid you in future troubleshooting This option is available in different places on different products consult the product User's Guide for specific steps

1. Send a one page black and white text fax to **1-888-hpfaxtest** (1-888-473-2983)
2. When your fax is received by the HP Test Fax Service we will generate a return fax to you within five minutes confirming that we received your fax This verifies that you can both send and receive a fax with your fax machine

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine Consult the user manual that came with the product for proper setup and configuration.

NOTE The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax Also, ensure that

Age and Character
Voices From Ages Ago

Cicero put these words in the mouth of Cato in *Essay on Old Age*

The good seeds which you shall thus have sown in the former seasons of life will in the winter of your days be wonderfully productive of the noblest and most valuable fruit.

In the past twenty years there has been a movement in psychology to study people s positive traits and how they can be harnessed to improve their sense of well being Of particular interest to us is a remarkable effort by a panel of psychologists to study the world s traditional religions as well as the works of the Greek philosophers

Over the course of three years they produced a list of core virtues associated with each philosophy or religion and examine those virtues that all the groups had in common In other words, they wanted to know which character strengths or virtues were agreed on across time and culture They published that list in 2004 in ***Character Strengths and Virtues*** by Peterson and Seligman The panel found that there were many similarities in the positive qualities identified whether they were described in secular or religious texts and irrespective of eastern or western cultures ancient or modern peoples

THERANOSTICS

Assignment #2
(...with thanks to Mr. Perry...)

Directions! Please choose a novel from the attached SRI reading list. Then, use this sheet to guide your responses

Book Title _____

Author _____

Strive to earn a level "3" for each response.

Level 1: A good answer shows you understand the basic plot of the story

Level 2: A very good answer shows you understand the plot ***and*** how the characters' motivations and conflicts develop throughout the story

Level 3: An excellent answer shows that you understand the plot and the characters, ***and*** that you can interpret the author's purpose and theme (his or her message)

Responses:

1. Write a 10- to 12-sentence summary about the novel, including the key characters and events. This will be your own thinking, not copied from the book jacket or from the internet.

2. Select **six** *"5 Star Quotes"* that are important to the novel and **write a detailed reaction for each quote**. Make sure to cite the text properly. Include a variety of quotes from the beginning, middle, and end of the novel.

Model format:

Quote	Reactions/Reflections
Mr. Holgren: "This isn't the first time I've seen it myself. I'm aware you passed out clean a couple of weeks ago. In public. Don't you think your problem is getting out of hand?" (79)	Is Mr. Land's boss going to fire him? Does he think Mr. Land has a drinking problem? I wonder how the family will survive if Mr. Land loses his job. Maybe this conversation has something to do with the "miracles" mentioned in Chapter 1. Perhaps some foreshadowing is being used here.

3. Discuss a major *conflict* in the novel. Who is involved in this conflict? (Remember, the antagonist (opposing force) does not have to be a person – it might be nature, for example.) How does the conflict impact the main character (protagonist)? Is the conflict resolved? If so, how? If not, why might the author develop the story this way?

4. Discuss the author's *purpose* for writing this novel. What do you think the author wants his/her reader to learn from this work? This is a discussion about *theme*.

The Truth About Employee Engagement

1. Anonymity – How do we as managers ensure staff is understood and appreciated?

2. Irrelevance – Who are you serving at Home? How do you help them? Why is the work you do important?

3. Irrelevance – What makes a job matter? How do we as leaders instill a sense of purpose in our team?

4. (Please note this is a tough question) How do we measure performance? How do we give team members the ability to gauge progress and their level of contribution to Team Success?

5. What were your biggest takeaways from the webinar? How can they be applied within your work?

MY FAX Works

'How to Look...and Feel...Like a Million Bucks, Again!'

By Barbara Barilson

Hi. My name is Barb Barilson. I'm a nurse living near Akron, Ohio, and a consultant in the Green Tree Research staff.

Several years ago, I lost more than 60 pounds. That was a real achievement for me. Because, being over 50, the weight doesn't come off very easily.

And I'm pleased to say I've kept it off for more than three years now.

While I was losing the weight, however, my skin began to sag. It felt *loose, wrinkled, flabby*. I started to look like a prune...or a deflated balloon.

I was embarrassed. So I began testing various physical enhancement programs that might help me to tone, tighten and condition my body.

I tried seven different workout videos. I found that most of them were *intended for women half my age*. I also tried aerobics classes. But that was embarrassing, expensive and time consuming.

It wasn't until I was travelling in Australia that I found the perfect workout for older women like *me*! It was a 50 minute video entitled *Carol Fribonic's Body Trim Workout For People Over 50*.

Here's why I liked it so much:

- It contains *five* different workouts *all on one videocassette!* So you're not stuck with the same routine day in and day out. You begin with the one that's right for you. Then you graduate to a more advanced workout whenever you're ready.
- It's the only program I found that *specifically targets the six problem areas most common to mature women*: hips, waist, abs, bust, neck/chin, and thighs. It focuses directly on these problem areas by helping to control what researchers call "gravity tension." It shows you how to build the muscles and tighten the ligaments that *reduce* gravity tension. So you eliminate the unsightly flab you sometimes notice hanging over your belt line...the pouch under your chin...the extra flab that sometimes hangs down under your arms.
- Each workout takes *only nine minutes*. That's right. Nine minutes. So it easily becomes part of your busy schedule.
- Your instructor, Carol Fribonic, is one of the top fitness experts in the United States. She stands *directly in front of you* so you can follow each movement with ease. Simply follow her in mirror image.
- One key to the phenomenal success of this video: believe it or not, *it's the music!* All five musical segments were specifically composed and performed *just for this video workout*. Each exercise segment incorporates it's own *special rhythm*. You're moving. You're dancing. You're having fun. The music is so rhythmic and engaging it's almost impossible to stand still!
- Each workout is also *designed to increase bone density*. This is very important if you're a *woman* over 50.
- It's affordable. There's no exercise equipment to buy. All you need is a VCR. And each workout takes place in the privacy of your own bedroom or family room, so you don't need coordinated tights and leotards.

Here's a brief description of the *five* workouts you'll receive.

- Workout #1 — This is a warm up session specifically designed for people who are *totally out of shape* (I certainly was, but I hated to admit it.) This workout gives you plenty of stretching, but no heavy-duty aerobic exercise. Carol shows you how to use a table or a chair back for support and balance.
- Workout #2 — Now the heat picks up. And you'll love the rhythmic exercises: clapping, dancing, moving. This is an excellent workout for someone who's just starting to lose 20-30 pounds.

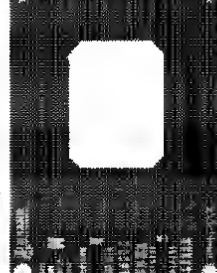
RFID Read/Write Module, Serial (#28440)

Designed in cooperation with Grand Idea Studio (www.grandideastudio.com), the Parallax Radio Frequency Identification (RFID) Read/Write Module provides a low cost solution to read and write passive RFID transponder tags up to 3 inches away. The RFID transponder tags provide a unique serial number and can store up to 112 bytes of user data which can be password protected to allow only authorized access.

The RFID Read/Write Module can be used in a wide variety of hobbyist and commercial applications, including access control, user identification, robotics navigation, inventory tracking, payment systems, car immobilization, and manufacturing automation.



Features

- Low cost method for reading and writing passive, 125 kHz RFID transponder tags
- Up to 112 bytes of user data storage on a single tag
- Optional security features prevent tag from being read or written without password
- Bi-color LED for visual indication of status

Key Specifications

- Power requirements: 4.5 VDC, < 10 mA idle; approx. 100-200 mA active
- Communication: easy xBee (non-serial 9600 bps, 8N1); 5 V TTL level non-inverted
- Dimensions: 3.25 x 2.15 in (8.26 x 5.2 cm)

RFID Tag Compatibility

The RFID Read/Write Module works exclusively with the EM Microelectronics EM4450 Ukbit R/W transponder tags. A variety of different tag types and styles exist with the most popular ones made available from Parallax.

Each tag contains a unique, read-only serial number (one of 2^{32} or 4,294,967,296 possible combinations) and 112 bytes of user data memory in a non-volatile LURROM (Ukbit Lockably Erasable Read Only Memory). The user data area can be optionally secured with a 32-bit password to allow only authorized read and write operations.

The RFID Read/Write Module provides, with a single command, legacy support for the EM Microelectronics EM4100 read-only tags that are used with Parallax's RFID Card Reader Serial (#28130) and USB (#28340).

The Voice of Truth (Casting Crowns)
Oh what I would do to have the kind of faith it takes
to climb out of this boat again On to the crashing waves.
To step out of my comfort zone into the realm of the unknown
Where Jesus is and He's holding out His hand.

But the waves are call ng out my name and they laugh at me.
Reminding me of all the t mes I ve tried before and failed
The waves they keep on telling me time and time again
Oh you'll never win You never win

But the voice of truth tells me a different story
The voice of truth says do not be afraid
And the voice of truth says this is for my glory
Out of all the voices calling out to me,
I will choose to listen and believe the voice of truth

Oh what I would do to have the kind of strength it takes
To stand before a giant, with just a sling and a stone
Surrounded by the sound of a thousand warriors
Shaking in their armor, wishing they'd of had the strength to stand

But the giants calling out my name and he laughs at me
Reminding me of all the times I've tried before and failed
The giant keeps on telling me time and time again
Oh you'll never win, You never win

Sovereign Over Us (Michael W Smith)
There is strength within the sorrow There is beauty in our tears,
And You meet us in the morning. With a love that sets our fears
You are working in our waiting. You're sanctifying us
When beyond our understanding, You re touching us to trust

Oh Your plans are still to prosper You have not forgotten us
You're with us in the fire and the flood. Your faithful forever Perfect in love.
You are sovereign over us.

You are wisdom unimagined Who could understand Your ways
Reigning high above the Heavens Reaching down in endless grace
You re the lifter of the lowly Compassionate and kind
You surround and You uphold me And Your promises are my delight.

Even what the enemy means for evil, You turn it for our good
You turn it for our good and for Your glory
Even in the valley You are faithful, You re working for our good.
You re working for our good and for Your glory

Amazing Love
I'm forgiven, because you were forsaken.
I'm accepted, You were condemned
I'm alive and well, Your spirit is within me,
Because you died and rose again. (Repeat 1st tuma)

Amazing love, how can it be,
That you my King should die for me?
Amazing Love, and I know it's true.
And it s my joy to honor You,
In all I do, to honor You

Résolution des problèmes

Vérifiez que l'imprimante HP n'est pas placée trop près d'un obstacle sans fil (par exemple un mur ou des appareils électroménagers). Déplacez l'imprimante à proximité du routeur sans fil ou du point d'accès, puis réinstallez le logiciel HP si nécessaire. Analysis of Exempt Income Protection Act

By Richard Klass, Esq.
Klass Law Office
Email: Richard@klass-law.com

[illegible]

The Act essentially exempts the garnishment of retirement accounts' basic components and the steps that a party has to take to protect them. The first exemption concerns accounts in which funds are directly contributed by employers, employees, and/or their employers and employees on account of the employment and such accounts are exempt from garnishment, attachment, and execution, except as provided in the Act. The second exemption is for certain qualified plans, which are exempt from garnishment, attachment, execution, and any other process through, into, or from any such plan, except as provided in the Act. The third exemption is for certain rights to receive payments from such plans, which are exempt from garnishment, attachment, execution, and any other process through, into, or from any such plan, except as provided in the Act.

To begin, in addition to the requirements discussed below, in order for a Bankruptcy Judge to protect funds from the reach of creditors through the Bankruptcy Code, the funds must be held in accounts that are exempt from taxation under the Internal Revenue Code. In addition, the Bankruptcy Judge must be able to determine that the funds in the account are necessary for the support of the debtor and his dependents, which can be established by showing that the debtor has been contributing to the account for a sufficiently long period of time. The Bankruptcy Code does not specify how long this period must be, but the Courts have held that the longer the period of time, the more likely it is that the Judge will find that the funds are necessary for support. Finally, the Judge must determine that the amount contributed to the account is reasonable, which can be established by showing that the debtor has been contributing to the account for a sufficiently long period of time, and that the amount contributed is not excessive.

Another requirement of the exemption that plaintiff must prove is that the funds are necessary for the support of the debtor and his dependents. In order to establish this element, the debtor must show that the funds are necessary for the support of the debtor and his dependents. This can be established by showing that the debtor has been contributing to the account for a sufficiently long period of time, and that the amount contributed is not excessive.

Finally, the Act requires that the debtor must show that the funds are necessary for the support of the debtor and his dependents. This can be established by showing that the debtor has been contributing to the account for a sufficiently long period of time, and that the amount contributed is not excessive.

Pro-Imperialism

Semi-annual Report from the United States Bureau of Statistics

Does colonization pay? The best answer is provided by the experience of those other nations that long ago reached the point where such a step was found necessary ...

...(1) to enlarge the markets for their manufactures, (2) to obtain reliable supplies of the materials which their people must consume for food or use in manufacturing and (3) to give some share of the profit of production or transportation to the people of the home country...

Albert J. Beveridge, U.S. senator from Indiana (1898)

Will you remember that we do but what our fathers did—we but pitch the tents of liberty farther westward, farther southward—we only continue the march of the flag?...The march of the flag!...The infidels to the gospel of liberty raved, but the flag swept on!

Josiah Strong, Congregational minister (1885)

And can anyone doubt that the result of this competition of races will be the "survival of the fittest"?

Alfred T. Mahan, U.S. Navy captain (1890)

[The United States must have] its sea frontier so defended and its navy of such power as shall suffice, with the advantages of our [geographic] position, to weigh seriously when inevitable [conflicts] arise with European powers

List the arguments for Imperialism.

ADDITIONAL RESULTS APPLICABLE IF BCI ORDERED AT TIME OF DIAGNOSIS

BCI Prognostic - Node Positive (1-3)

9.2% Risk of Overall Recurrence (years 0-10)

HIGH RISK CATEGORY

9.2% RISK[1] (95% CI: 5.7% - 12.6%)
OF DISTANT RECURRENCE FOR ER+ LYMPH NODE POSITIVE PATIENTS FROM YEARS 0-10[1]

1 Risk of Recurrence (ROR) based on 10 years of BCI Prognostic in moderately validated cohort of patients with positive nodes and no known risk of distant recurrence from years 0 to 10 who did not receive chemotherapy and 5 years of adjuvant endocrine therapy. See below for additional details.

BCI Predictive

LOW Likelihood of Benefit

LOW LIKELIHOOD OF BENEFIT
FROM EXTENDED ENDOCRINE THERAPY[2]

BCI Predictive was validated within the included Node N and DNA+ study patients. However, the study was not statistically powered to assess LN benefit in smaller groups separately.

Test Description and Clinical Evidence
BCI provides two clinical breast cancer gene expression quantitative RT-PCR signatures: BCI Prognostic, and BCI Predictive.

BCI Predictive provides a prediction of likelihood of benefit from extended (>5 years) endocrine therapy (EET).[2] Patient results for this test are reported as either High Likelihood or Low Likelihood of Benefit. BCI Predictive is based on the HOXB13/IL17BR ratio as validated in the NCIC CTG MA.17 trial.[2,3]

BCI Prognostic for LN+ (1-3 positive nodes) provides an individualized estimate for a patient's risk for distant recurrence in the absence of adjuvant systemic therapy (ROR) 5 years post diagnosis (time frame in which the majority of recurrences occur). A prediction for the 5-10 year interval (Prognostic for LN+ patients) is based on the observation that patients who remain free of distant recurrence at 5 years after surgery and who are treated with 5 years of adjuvant endocrine therapy have a similar risk of distant recurrence as patients who were treated with adjuvant endocrine and chemotherapy.[1]

Intended Use & Limitations
The Breast Cancer Index (BCI) Risk of Recurrence & Extended Endocrine Benefit Test is intended for use in patients diagnosed with estrogen receptor-positive (ER+), lymph node-negative (LN-) or lymph node positive (LN+, with 1-3 positive nodes) early-stage, invasive breast cancer, who are at clinical equipoise for BCI prognostic 1) quantitative assessment of the likelihood of late (post-5 years) and overall (0-10 year) distant recurrence following initial 5 years of endocrine therapy in N- patients or 5 years of endocrine therapy plus adjuvant chemotherapy in N+ patients, and 2) prediction of likelihood of benefit from extension (5+ year) endocrine therapy. BCI results are adjunctive to the treating physician's workup. Treatment decisions made in relation with all other clinical findings. This test was developed and its performance characteristics determined by Biotheranostics, Inc. It has not been cleared or approved by the U.S. Food and Drug Administration. The test is used for clinical purposes. It should not be regarded as investigational or for research. How this information is used to guide patient care is the responsibility of the physician. Biotheranostics is a certified under the Clinical Laboratory Improvement Amendments of 1988 to perform high complexity clinical laboratory testing.

LINE BUSY
I've knew its not the fax number because I checked back with them many times. I even unplugged the cable and plugged it back in and I still receive the same thing. Please help. Does have any solutions?

Dis...

Best Answer - Chosen by Asker

According to the error report you received it says the line is busy. This could be that their line is always busy when calling them or it could be that your line is the problem. Do you have phone messaging and a message is waiting to be heard on your line? When you pick up your phone line do you get a steady dial tone, or is it going on & off? This can cause a fax failure if it is going on and off. Check your fax/modem cable at both ends to make sure it is plugged in properly and you are plugged into the Line port on your fax and not the Phone port (where you would attach a telephone to use to dial a number or use when the fax isn't in use). If it is in the wrong port, it won't work. Try a regular phone in the wall port that you're using for your fax and make sure it is working and sounds OK.

Best of luck

Asker's Rating
Thanks. I will see if it has to do with the phone line

semiconductor devices and on the characteristics of newly available solid-state memory units, another decision was made to operate the network at a rate of 128 time slots per PCM frame (125 μsec).

One of the early network topologies featured a combined concentrator, time switch and PCM codec. This was augmented with a three-stage space switch employing high speed logic gate switching elements. Such a network design, when concentrating 146 trunks on 128 time slots, was expected to be capable of handling about 72,000 trunks, each operating at 0.7 occupancy.

As development proceeded the need for a still larger network was recognized. It was also decided to separate the PCM codec and time switch functions to permit future digital signal processing (such as echo suppression) independent of switching. This led to the final network topology shown in Fig. 5. In this arrangement, the four-stage space switch functions are distributed in two separate frame types—a time multiplexed switch frame, and a time-slot interchange frame. The time-switch functions reside in the time-slot interchange frames, and the PCM functions are contained in a voiceband interface frame which performs a purely sequential encoding of 120 trunks onto a fixed format data link. This allows the PCM function to be located near the trunks, and provides a universal interface data link between transmission and switching frames—the DS-120 data link, which carries 120 trunks of PCM information on a 128 time-slot fixed-format signal. In addition, a direct digital switching interface is provided by digroup terminal units which multiplex five T1 digital carrier signals and connect (via a DS-120 link) to the switching frames in the same manner as the voiceband interface units. This network at maximum size, can terminate 107,000 trunks and service circuits, each operating at 0.9 occupancy.

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax.Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

PHANTOM RANCH GROUP RESERVATIONS REQUEST
FAX TO THE FOLLOWING NUMBER: 928-638-0982
Requests must be faxed at Midnight Mountain Standard Time.
Group space is no less than 10 people and no more than 20.
Please use black letter type to fill in form

Group Availability Maximum 10 Persons

For overnight stays at Phantom Ranch, a minimum of 10 to a maximum of 20 hikers, or parties of 10 mule riders is designated a Group. All Groups are booked with one 10-person cabin. Hiker Groups of more than 10 will have the remainder of space divided between male and female dormitory spaces (not in cabins).

Group space opens to requests on the 1st of each month for that entire month of the next year (i.e. Group space for March 1-31 for the upcoming year may be requested beginning on March 1 the prior year, etc.) via fax and written request only. The only exception to this rule is January, which will be accepted on January 2nd.

Group Request Guidelines

- Total number of people in your group. If more than 10, designate how the remaining 10 should be assigned by male or female dorms
- Date(s) of stay. Please submit as many valid dates (or even specific time frames) in your requests as you wish in order of preference to improve your chances
- There is a maximum two-night stay per group from March 20 through June 30 and September 1 through October 31
- Required meals. Please note the different meal times. We strongly recommend requesting your meals at the same time you request the overnight accommodations. Hiker meals must be reserved in advance and do sell out. Meals are available to both Phantom Ranch guests and to hikers staying in the campgrounds
- Contact Information. You must include your name, address and phone number. Also an email address will result in a faster response time
- Group requests must be faxed to 928 638-0982 at **midnight** (Mountain Standard Time (MST) we do not observe daylight savings time)
- Group Requests that do not include all of the above information will not be considered complete requests and therefore will not be addressed
- Allow 2 to 3 weeks for response to your request. Including an email address will speed up the response time. Requests are responded to in the same order that they are received. Any requests received prior to Midnight will be addressed last
- A deposit in the amount of 50% of all items booked for the group is due 14 days from the date a contract is issued with the balance due 30 days prior to the group's arrival. Do not include a form of payment with your request.
- Group reservations and any part thereof must be cancelled at least 30 days prior to the arrival date to receive a refund
- Parties with less than 10 people must make their reservations directly with our Central Reservations office at Xanterra Parks & Resorts. Phone: 303-297-2757 or 888-297-2757

Note: Your Group Leader is responsible for all Group activities. Each individual in your party must sign the attached paragraph stating they read, understood and agree to abide by the rules and regulations. Groups with stays of more than one night are assigned, upon arrival, to certain sleeping areas per person.

Marsha's Terrible Job Interview

Marsha had a job interview with the Sunshine Biscuit Company last Monday. Her appointment with the interviewer was for 10:00 am. She had forgotten to set her alarm clock, so she woke up at 9:30 am and got to the interview an hour late, at 11:00 am.

Because she woke up so late, she didn't have much time to get ready. She took a quick shower and put on the first dress that she found in her closet. It was a very short dress that showed a little too much, the kind of dress a woman wears when she's trying to attract a boyfriend at a cocktail party. She also put on a lot of very cheap perfume, the kind you can smell down the street.

She left the house without eating breakfast and she ran to the bus stop. The bus was late in coming, but she didn't want to spend the money on a taxi. When she finally got to the Sunshine Biscuit company, she ran into the building and ran into the interviewing office. She ran up to the secretary's desk and screamed, "I'm here! My bus was late!" The secretary was a bit surprised, but asked her who she was and what time her appointment was for. Marsha answered, "I'm Marsha and my interview is for right now." Of course, it was already 11:00 am and her interview had been scheduled for an hour earlier.

The secretary called the interviewer, Mr. Green, on the intercom and he told her to send Marsha in.

Marsha was chewing gum as she entered the office. She took a seat without saying anything to Mr. Green. Mr. Green was slightly surprised to see Marsha act so boldly, even though she was an hour late. He introduced himself and asked how she was. She said that she was feeling lousy and that the public transportation in the town was awful. He asked her what kind of position she was looking for, and if she had a resume. She said that she had no resume because she didn't have time to write one. She also had no idea of what kind of job she wanted; she just wanted one that paid well. He asked her if she had any questions for him, and she asked him if she could have Wednesday afternoons off so that she could see her psychiatrist. She also asked him if the company gave at least a two-week vacation. He asked her what skills she had and she answered that she could type, but that she couldn't take a typing test because tests made her nervous.

Mr. Green thanked Marsha for coming, and she asked, "Do I get a job or not?" He said that he would call her if there was an opening, and she said, "Well, hurry please, because I'm broke and I can't pay the rent."

Dr. George Grillon is the best dentist I have ever had. I have never had any problems with pain or insurance. He is an absolute pro!

http://www.ratemds.com/doctor-ratings/31983/Dr-George-Grillon-BETHESDA-MD.html
Very professional, great service, and a friendly staff. For the first time in my adult life, I'm actually going to go back for my 6 month cleaning. This is after Dr. George Grillon told me I needed a root canal and a new crown to replace my old defunct one. For a dentist, you can't go wrong. He's so patient, funny and caring.

These are the reviews posted for the two months you required. If you feel that you paid for something you did not get, please let me know and I will demand the technician to post more reviews these remaining days of December, so he can make it up to you.

Thank you,

Christmas 2010

Dear Friends and Family

Nancy's dad, Mason Martin, left us this year in October just before his 96th birthday. We had visited with him just two weeks prior and he was in good health and spirits. A week after our visit, he went to bed and stayed there until he died. During our last visit he reached back into his memory and brought out one of his famous quotes, "Why not?"

"Why not" indeed! We are so close to doing so many great things that a tiny push, shove or pull would get us going. We hope you think up all kinds of projects and dreams and apply the Mason Martin rule of "Why not?". Our Christmas wish to you is to review your year, write up your "To Do" for 2011 and listen to some of the best two words we ever heard: "Why not?"

Much love to your family from ours,

Bob and Nancy

March 23, 2013 By David Lory VanDerBeek 32 Comments The ninth issue on my platform now states: Replace and Phase Out All Taxation. Nevada will operate under the fiduciary trust management principle. Taxes are simply one revenue source for government. Governments have investment and enterprise income that now surpasses their tax revenues. Governments therefore are fully capable of being self-sustaining without taxation. Mining, gaming, and all businesses will no longer face the constant harassment by legislators to pick their pockets. Comprehensive Annual Financial Reports (CAFR) are our local governments' statements of net worth built up over decades. Governments use CAFRs to list the assets as "advanced liability funds" to dupe the public into believing those investments should be maintained for a good purpose, but which actually serve as power-based holding funds for the governments. In turn, the governments then claim that they are always operating at budget "shortfalls" in their operating funds so they claim they must raise your taxes! This is a convenient conspiracy of silence. As Governor I will assist government in liberating the potential of this wealth. This plan of mission the predatory relationship between the government against the people and business, because everyone is happy making money. In fact, the people and businesses will actually cheer such government. Truthfully, as Jesus said when asked a tax question, "The children are free." Walter Burien makes the concise argument on his websites. 1. What is Taxation? ANSWER. A revenue source. 2. What is Investment Return? ANSWER. A revenue Source. 3. What do Enterprises operations do? ANSWER. Generate a revenue Source. The big question of ending all taxation? ANSWER. Use #2 & #3 to knock out #1

"Are you threatening me?"

"I'm going back to the Internet to do my job. I suggest you do the same rather than wasting your time playing on the Web." At that Carl stood and left the room.

Angie was stunned. She got up and headed down the hall to see if the agency administrator was in her office. Lisa stopped her on the way and asked, "Did you get my e-mail?"

"Yes. I'm still looking into it."

"I want that b**** fired, Angie," yelled Lisa. Several other employees peeked from around their cubicles.

DISCUSSION QUESTIONS

1. Should Angie begin termination proceedings against Carl? Why or why not? Is a public agency more or less likely to succeed in the manner that hired him or her? Does your answer to this question depend on whether a job or a promotion was at issue? Why or why not?

2. [illegible] guaranteed by the First Amendment. How would you rank one or more of these sometimes competing values?

4. Before taking any action against Carl, should the agency receive the complete text of litigation that might be lodged in a civil trial in which? Why or why not?

About 85% of cholesterol is made by your body!

Yes, you read that right. In the average person, only about 15% of the cholesterol in your body comes from dietary sources. If you eat more than your body needs, it produces less. If you eat less than your body needs, it will produce more.

The Fear of Cholesterol

Ask most doctors today about cholesterol and you'll soon be part of the one-in-three Americans who "need" to be on a statin drug. Given the list of statin adverse reactions, maybe it's time to stop and ask hard & different questions.

After all, not all manners have their prescription pad in hand, ready to put you on a statin drug.

Heart of the Matter

The search to find answers to the cholesterol controversy isn't limited to the U.S.

Australia recently aired a 2 part series on ABC TV called: The Cholesterol Myth: Unclear Villains and Cholesterol Drug War. It's refreshing to see that there's an open debate about warnings for, cholesterol-reducing drugs.

Statins

Some of the known side effects of statins are: anemia, acidosis, sexual dysfunction, cataracts, pancreas and liver dysfunction, neuropathy, memory loss, and muscle pain and weakness. Muscle weakness is due to statins' ability to reduce Ubiquinone or Coenzyme Q10 (CoQ10). Your body uses CoQ10 in muscle function and heart health. In fact you heart requires high levels of CoQ10.

Niacinal has been changed

For an eye opening and fun look at statins you may want to watch this 5 minute video. Lipitor Paradox

Damaged fats = oxidized cholesterol

Oxidized cholesterol is quite damaging to your body. But one of the main causes of oxidized cholesterol may surprise you: vegetable oils. Canola, soy, corn, and cottonseed for example are damaged fats from being processed at high heat. Most of the vegetable oils are also high in Omega 6 fatty acids which tend to be pro-inflammatory. Hydrogenated and partially hydrogenated fats should be strictly avoided!

A return to food sources of healthy cholesterol

Many of the nutrient dense foods that previous generations fed their families contained abundant amounts of cholesterol. Certainly well beyond what is recommended today.

The meals your great grandmother served included cholesterol rich animal foods of liver and organ meats, farm fresh eggs, whole raw dairy cream, butter and cheese made from the milk of pastured cows, meats and organ meats added to bone broth for nourishing soups, fresh caught fish and fish roe (caviar).

Those same delicious foods can provide you and your family with healthy sources of dietary cholesterol.

Why Things Suck: Spam Filters

By Brendan I. Koerner 01.18.08

As any grizzled football coach will tell you, good defense beats a good offense. But that wisdom doesn't apply to the realm of spam, where porn peddlers and Nigerian hucksters regularly outwit the latest filtering software.

The most obvious problem is that it's simply not possible to update filtering software frequently enough to catch all of the spammers' multifarious innovations – disguising unsolicited messages by replacing the "i" in Viagra with a "1" or using images in lieu of text, for example. At the same time, an overly aggressive approach can be disastrous, trapping legitimate email as false positives.

One possible route to improvement: Instead of focusing on suspicious content, consider the trustworthiness of the sources. Oscar Boykin, a computer engineering professor at the University of Florida, suggests that filters would work better with more widespread use of authentication systems, which make it harder for spammers to forge source addresses. Emerging standards like Sender ID and DomainKeys, for instance, verify that a message's sender and domain are legit.

Improved computer security would also help, since many illicit messages are sent from computers infected with malware. You can blame the porous Windows operating system for yet another of life's agonies — the constant flood of emails slugged "dicipdl Spurt!" xqrrasdqfh."

replied.

How Can I Test My Fax Machine?

Submitted by Smart Computer User on December 9, 2008 - 12:00pm.

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it.

Here's how to do both

To test the send functionality of your fax machine, send a one-page fax to 1-510-545-0990 (a number in Northern California.) When it's finished transmitting, point your web browser to Fax Toy http://faxtoy.net/ — it's a fun web site that displays whatever is faxed to that number Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero http://faxzero.com/ this site lets you send faxes for free to anywhere in the United States and Canada.

Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

B. MORE HELP FOR THE HARDY

The sesame_street.sty macro package contains definitions of many useful macros and protocols. You can read over the style file to see what new commands you may want to use. Also, look over the examples of how to use the various schemes in the sample papers that have been provided. Perhaps the best way to learn about the capabilities is to look at a finished paper that uses the style that you like. After you've had a little experience, you may want to design your own new document style. Perhaps the existing style will change to accommodate it. If you find anything that needs improving, please don't hesitate to let us know. In the meantime, experiment and have fun.

Dear Ishmael,

What do the 10 Best of the New Drink Everyday and The Onion've Union of Concerned Scientists have in common with Senator Ted Cruz, a House of Representatives and the Star Wars films, The Hills in the Avengers movies? There could be a link!

That's right, Mark Ruffalo, Michael Fox on Senator Cruz and Mark Ruffalo have all made statements about the Union of Concerned Scientists in the—The Equation.

Haven't read the latest news on the issues you care about.

Check out the UCS blog and see what's on the agenda now.

The Equation is the best place to get the latest news and commentary about global warming, energy, the environment, food, medical weapons, and science policy from more than 40 UCS experts. Important 911 Information

Ooma wants to make sure that you are aware of important differences in the way 911 service operates with Ooma when compared with traditional telephone service. Here's what you need to keep in mind:

Differences between traditional 911 service and Ooma 911

We advised that Ooma 911 service is less reliable than traditional 911 service. Some reasons are: it does not support enhanced 911 service and your emergency dial may be routed to the incorrect emergency response center when does not keep your contact information up to date.

Be prepared during any service interruption

Ooma's phone service depends not only on your continued subscription (and payment) for the service, but also on Internet connectivity and power to function. In the event of power outage, Internet disruption, or Ooma service interruption, all of your service is disconnected or suspended due to non-payment, then you may experience a failure, disruption or delay in your 911 service. We recommend that you keep an alternative phone service such as a cellular telephone handy to increase the reliability of your access to emergency services during any service interruption.

Do not disconnect.

Until you are told to do so by an emergency dispatcher, do not disconnect your 911 call. If you are inadvertently disconnected, call back immediately.

Keep your service address up to date

Ooma will attempt to provide the emergency operator with your service address, so please make sure that your information on file with us is always accurate and updated. You may update your address online or by calling customer support at 1-866-711-6662. If you do not do this (for example if you are unable to speak during a 911 call), the emergency operator may use the last registered address.

Inform other users

You must notify the users of your Ooma line and other potential users of your Ooma phone service of the nature and limitations of 911 emergency calls.

Limitations of liability.

Ooma's terms of service limit and disclaim liability as to Ooma 911 service, so please read these carefully.

For a more complete description of our Ooma 911 service, please see our Ooma terms of service at www.ooma.com/911.

RE: International [illegible] D Checking Guide, 11th Edition

Dear Jean Hawthorne,

Enclosed is a complimentary copy of the International ID Checking Guide.

The newly revised and expanded 11th Edition of the acclaimed *ID Checker's Guide* will help you detect fraudulent documents and identify identity thieves.

The new 360-page Edition of the International ID Checking Guide covers 800 driver's licenses and ID cards from 74 countries, with 20 states of Mexico covered. **Over 72 new ID documents have been added to the 11th Edition, and as usual, licenses and identity cards that are no longer valid in use have been removed.**

The International ID Checking Guide now also includes pages of ID comparisons with the oldest (earliest) format for complete protection. You'll find IDs from Europe, Asia, Mexico, Central & South America, Africa, and the Middle East. Each page contains color [illegible] images to make it easy to check the material, the colors, and the security features of each document.

I have attached an order form with volume pricing for your convenience. **Although we have increased the size and coverage, we have not increased the price.** You can save [illegible] by faxing or mailing the order form to my attention at the address on the license guide cover.

Please call if you have questions.

Thank you,

Cuban Mojo Marinated Pork

Yield Serves 8

Ingredients

- 3/4 cup extra-virgin olive oil
- 1 tablespoon orange zest
- 3/4 cup fresh orange juice
- 1/2 cup fresh lime juice
- 1 cup cilantro, finely chopped
- 1/4 cup lightly packed mint leaves, finely chopped
- 8 garlic cloves, minced
- 1 tablespoon minced oregano (2 teaspoons dried oregano)
- 2 teaspoons ground cumin
- Kosher salt and pepper
- 3 and 1/2 pounds boneless pork shoulder in one piece*

Instructions

1. If you have a food processor: Add the orange juice, cilantro leaves, mint leaves, and smashed (not minced) garlic cloves, and pulse until everything is finely chopped. Add this mixture to a ziplock bag along with the rest of the oil, zest, lime juice, oregano, and cumin.
2. If you don't have a food processor: In a large ziplock bag, combine olive oil, orange zest, orange juice, lime juice, chopped cilantro, chopped mint, minced garlic, oregano, and cumin. Shake it around a bit to mix it up, then add the pork shoulder.
3. Place the zipped up bag in a baking dish, and put it in the fridge overnight, or several hours at least.
4. Preheat oven to 425 degrees F. Place a wire rack (I used a cooling rack) over a rimmed baking sheet.
5. Place the pork on the rack and discard the marinade. Salt and pepper the pork well.
6. Roast the pork for 30 minutes. It should be lightly browned.
7. Turn the oven down to 375 degrees F. Roast for another 1 hour and 20-30 minutes, or until a meat thermometer reads 160.
8. Transfer to a cutting board, cover with aluminum foil, and let rest at least 20 minutes.
9. Carve against the grain and serve.

Notes

*I accidentally grabbed a bone-in pork shoulder. Worked great!

Dear Dr. Sterling,

Katje and I are now practically your neighbours. Katje, or Prof. Professor Doktor Doktor Goanthac, as she now prefers to be known has a job at the Princeton History Department, and I have a short term lecturing position there as well. Since we are in the New York area, I thought it would be wonderful to see you again if you have time, perhaps in October when the craziness of the term has somewhat died down.

Hope all is well with you and your family.

Best wishes,

Edward
